

# Beauty Therapist Contracting

It's never a good time to be down a team member, but the unexpected does happen! Illness, injury, family and life events, and new job opportunities can all be a reason that your business can go from fully booked to cancelling clients.

By engaging a day-rate contractor you can avoid lost revenue or damaging client relationships.

## Who We Are

Signature Mobile Spa is a local business specialising in 'to-you' treatments and business-to-business contracting. We understand that, sometimes, the unexpected happens.

Our unique contracting framework means that when your business experiences a fluctuation, your clients still receive the service and care that they're accustomed to.

## Why Choose Us

### Licensing + Education

As a contractor, we maintain industry appropriate qualifications and ongoing education to stay up-to-date with newest best practice.

### High Calibre Professionalism

Large bookings or individual pamper sessions - the person in front of us has complete priority during their session.

### Reduced Financial Liability

By engaging an independent contractor to fulfil emergent need, there is no need to worry about sick leave, annual leave, overtime, or penalty rates.

### Simple Implementation

Stress elimination is the name of our game... that includes our booking, set up, and pack up! Our organisation is your relaxation.
